OF LOCAL INTEREST

VISITING PHOENIX—Otto Geisenhofer arrived here yesterday for a short visit. Mr. Geisenhofer has called Blabbe his home for many years, and still has large interests there, but he has during the last year become interested in business in Lake county, Cal., being now en route there.

NEW BRIDGE—For a long time the bridge across the town ditch at Five Points has been giving way in places and one or two very narrow escapes from serious accidents have occurred. The work of rebuilding the bridge is now arranged for. The present bridge is an unusually long one, as the ditch crosses the street diagonally, then turns in a way that crosses the intersection of Woodland avenue and Seventh street. It is designed to make the new bridge still longer than the old one, so it will cover the approach to Woodland avenue also.

A CHALLENGE—The picked team that played a game of baseball last Sunday with the Phoenix association team, though defeated, was not discouraged. The boys still have an idea that they can give the first nine the short end of a contest. To that end they have challenged the first team to another game on Sunday. Their lineup will contain two new men, seven of them having participated in last Sunday's game. Their names are Hartwell, Meyers, Graham, Lutgerding, Sullivan, Davis, Clark, Goldy and Anderson. Goldy and Anderson are the new men. Goldy played with the first team in the games with Whipple and is a very skillful man. Anderson is the phenomenon that operated on third base with the Whipple team during the Phoenix-Whipple series.

BROUGHT GOOD RESULTS—The article in last Sunday's Republican concerning the work of Mr. A. H. Gunn in Arizona, representing the Children's Home society of California and Arizona, was read with interest by a great many people. Better than that, it aroused an active interest, so much so that Mr. Gunn has since then received several applications for children, from good people who desire to give them homes. Among them is a visiting stockman from Montana. He knew of the work in his own state, but his personal interest had not before been so successfully appealed to. Mr. Gunn is still stopping at the Denver hotel in this city, and any who desire to adopt children may call upon him there.

A VICTIM OF THE WORLD—All sorts of things happen to Harry Friedman. People enter his place of business boldly in the day time and coolly talk about moving his safe when he does not want it moved. Folks that he never heard of before bring him bills for articles which he never bought and never thought of buying. But yesterday the limit was reached. He received by mail from the firm of Watson & Newell of Attleboro, Mass., a bill for \$6.10. It was not itemized, but Mr. Friedman was asked to lose no time in forwarding the amount of the bill. Mr. Friedman replied that he was never in Attleboro, he never heard of the firm and had never bought anything in that part of the world. In his opinion a national conspiracy has been formed for his annoyance.

HE FOUND A HOME—There was another little boy, Rafael Garcia, examined in probate court yesterday regarding his qualification for admission to the reform school. He has a father and an uncle. He prefers to live with the latter, though he would rather not have him around. His father has no home, but at the same time he resents the affection which the boy shows for his uncle, and thought neither of them care for the lad he is a bone of contention. The examination showed that he is not a bad boy, only homeless, and likely to grow up into a weed. The boy wanted to go to the reform school after the nature of the institution was explained to him, especially after he was told that the boys all wore uniforms. He has been in the habit of wearing whatever he could get. But a better way was found out of it. Constable Redwine took a notion to the boy and gave him a home.

MATINEE RACES—The regular January racing matinee will be held this afternoon at the race track, beginning promptly at 1:30 o'clock. The thing that should be remembered is that there is no charge; free to everybody and all are invited. The association made a charge for the stake races for the purpose of defraying the unusual expense of the horse show, but the monthly meetings are all free. At least they have been so far. The members of the legislature have been given a special invitation to attend today. A fine programme has been prepared for today, there being four races with numerous entries, and some of the horses have pretty good records to start with so some very creditable speed may be expected. In addition to the regular races, entries for which were published in yesterday's paper, George Klotzbach will give a good speed exhibition with Lottie Wilton the 112-000 paces mare bought by W. C. Greene in New York last summer. She now belongs in the fast class and Mr. Klotzbach says he is going after a world's record this season. To encourage the mare to good action she will be paced today by Jack Gibson mounted on a running horse.

A Cure for Asthma

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Rudolph Schiffmann's Asthma Cure almost performs miracles.

Mr. R. M. Spencer, 3339 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes."

Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 823, St. Paul, Minn., for a free sample package.

Cash Only After February 1st.

Most people use credit because of the convenience. We have devised a cash coupon pass book which is a vast improvement on credit. It will save money for you, lessen the possibility of error by closing each transaction just as if cash were used, thus obviating the necessity of checking up troublesome bills at the end of each month. The coupon book shows at a glance the exact amount expended for groceries up to any special time. It is always posted up to date, thus aiding you to economize.

Our system is more convenient than cash. There is never any trouble in making change or any danger of loss by children or servants. We insure every book sold, guaranteeing to replace it if lost.

We have said our system would save money for you; this is the way it does it: We issue cash coupon books for \$5.00, \$10.00, \$20.00 and \$25.00 each less a cash discount of 2 per cent. If your grocery bill is \$10.00, \$20.00 or \$25.00 per month, this amount invested in one of our coupon books will secure a discount of 2 per cent a month or 24 per cent a year. The same money on deposit in a savings bank will yield not to exceed 8 per cent per annum. By withdrawing the amount of your monthly grocery bill from the bank and investing in one of our cash coupon books you add 16 per cent a year to your investment; in short, you secure three times the amount of interest the bank would pay.

In addition to this you have every convenience of credit, and all the advantages of trading at a one price cash store.

The cash system will relieve us from the necessity of constantly watching credits, making it possible to devote every energy to the improvement of our service, and the procuring of the highest grade of food at the closest prices.

We desire a continuance of your esteemed patronage under our new system, and we believe you will be pleased with our new method of doing business.

THE COOPER-BLACK CO.

We will be pleased to explain our system more fully at the store.
